

## BILLY 'ADJUSTS' 2,000 INVADING P.S.C. STUDENTS

(Continued from Page Four.)

want to give your mind, your thought, your influence and all to Jesus Christ to help him work out his plan through you? Are you ready to do it?" he concluded.

### AFTERNOON SERVICE

Speaking on personal work yesterday afternoon, Rev. Mr. Sunday again practically omitted slang in his earnest appeal for personal work on the part of local people in helping to bring about the results wanted from his campaign. The audience was equal that, if not larger than the one of the preceding afternoon. Rev. R. W. Babcock, pastor of the First Baptist church of Moline, led in the opening prayer, following the usual song service. Homer Rodeheaver sang "Mother's Prayers Have Followed Us," explaining how often boys in the hospitals requested that song.

In speaking on the subject the evangelist brought out the fact that God did not only hold each one personally responsible for what the results are, but for what the results might have been. "I am told that in the tri-cities there are only 8,000 professed Christians, which fact is appalling. And another startling fact is that there are only 25,000,000 people out of the 110,000,000 people in the world in the church."

"If you have been to God yourself, you know how to lead others to him, for if you have personally felt his power you want others to know it, too. If a man is fool enough to disregard God, why that is his business. But you must know the bible to show a man that he needs a savior."

"There are five classes in the world as concerns church going and who need personal work. There are those who cannot go to church, and we should take the word to them. Some have employment which makes it impossible for them to attend; those who can and do not; those who can and do and are not moved by the preacher; those who can and do and are moved by the preacher but are not converted; and those who can and do and are converted, but who need personal work. Here is your part. I haven't any use for timid-

## PEOPLE CALLED TO SEE IF TRUE

Mrs. Tindal's Recovery Astonished Those Who Knew Her Condition.

"My recovery since taking Tanlac has been so remarkable that many people who heard about it didn't believe it and called on me to see if it was true," was the statement made by Mrs. Melvin Tindal of Glasford, Ill., when she called at Sutcliffe & Case's drug store in Peoria, Ill., a few days ago.

"I couldn't get Tanlac in Glasford and I've come 20 miles over here to Peoria to get it," continued Mrs. Tindal. "I'm as well and happy as when I was a girl, and my work taking care of five children and a seven-room house is just like play for me now."

"Not a single day passed for 12 years that I didn't suffer. I had stomach trouble so bad that nearly everything I would eat soured on my stomach and caused gas to form and rise up around my heart so I thought it was going to stop my heart. I suffered intense pain from cramps in my stomach and after every meal I would belch for hours. I fell off in weight until I looked like a skeleton almost and could hardly drag myself around. I was actually ashamed of my appearance. I was so nervous that life was a burden to me for just any little noise out of the ordinary almost drove me frantic. I seldom had a good night's sleep, and often I was disturbed with bad dreams. About every other day I had an awful nervous headache, and my head would ache and throb terribly, and I would stagger if I tried to get up and walk across the room. I tried every known treatment, and I got so I thought it was no need to take any more medicine for it didn't do me a particle of good."

"But I'm thankful for a good friend of mine who told me about Tanlac at last I was shown the right road to recovery, and I'm pointing out this road to other people and several already have gone that way and found health, too. I can hardly believe it when I look at myself—the way this Tanlac had helped me has been nothing short of remarkable. I'm enjoying health now, after 12 years of misery, and I give Tanlac the whole credit. I've taken eight bottles and never have a sign of stomach trouble, indigestion, or with gas forming and affecting my heart. My nerves are calm, and those nervous headaches have stopped troubling me. My appetite is wonderful. I eat just anything I want and have gained 24 pounds. I sleep like a child and when I get up I feel fine. I simply don't know what it is to have an ache or pain, and I tell you I'm happy to be that way. Tanlac is the most wonderful thing in the world, and I want you to publish this statement and let the people know what this medicine will do."

## DR. W. O. COFFEE

Practice limited to eye, ear, nose and throat diseases, straightens cross-eyes, removes adenoids at one visit, no chloroform. Treats deafness, loss of hearing, head noises, catarrh, tonsils and most eye diseases by a non-surgical method. He is in his Davenport office in the First National Bank Bldg., corner of Second and Main streets, on Saturday, Monday and Tuesday from 9 a. m. to 3:30 p. m. Phone Davenport 7314.

ity in religion either. Men have done wonderful things for other things, then why not for religion? "Get something good in, and the devil will be driven out. That is what God is trying to do for the world. And personal work is needed."

Following the meeting, Miss Grace Saxe conducted the bible class while hwas started this week, and which is open to men and women. Her lesson yesterday was on "Scriptures to answer excuses people give for not accepting Christ," instructing personal workers.

### Today's Events

The year 1338 of the Mohammedan era, or the era of the Hegira, begins at sunset this evening.

President Wilson is scheduled to speak this morning in Denver and in Pueblo this afternoon.

Admiral William S. Benson, chief of naval operations, the highest non-civilian office in the navy, goes on the retired list today for age.

The latest and most improved farm implements and machinery are to be displayed and demonstrated at the 14th annual International Soil Products exposition, which gets under way today at Kansas City.

In connection with the soil products exposition in Kansas City, there is to be opened today an international farm congress, to be attended by delegates from all parts of the United States and from Canada and other countries.

A world's shipping, engineering and machinery exhibition for which preparations have been making for several years, but the holding of which was interfered with by the war, is to be opened today at Olympia, the mammoth exhibition hall in London.

The constitutionality of the Texas woman's primary suffrage law is to be tested in injunction proceedings which are scheduled for a court hearing today at Waco.

The worst hurricane of which any record exists was that of Oct. 10, 1870, which started in the Barbadoes. An English fleet anchored off St. Lucia simply disappeared. Nearly every building on the island was blown down, and 6,000 people buried.

## CONVENTION OF MASONS COMES TO ROCK ISLAND

Grand Council of Royal and Select Masters to Meet in This City Next September.

Rock Island will entertain the 1920 session of the Grand Council of Royal and Select Masters in September of next year.

Charles W. Thatcher, twice illustrious master of Rock Island council No. 20, Royal and Select Masters, and H. A. Clevenstine, member, delegates from the local council to the grand council session in Urbana yesterday, succeeded in winning the meeting for Rock Island in the face of a strong contest from Rockford, Princeton and Decatur, which also sought to entertain the convention next.

There are 85 councils in the state and two or more delegates represent each council at the convention. The meeting will last for only a day and will be held the fourth Wednesday in September at the Masonic temple.

Charles Gels of Chicago was elected most illustrious grand master of the grand council, the presiding office.

## Kills Pesky Bed Bugs P. D. Q.

A two-ounce box of P. D. Q. makes a full quart of the best bug-killer on earth. Better than a barrel of old-fashioned bug-killer.

P. D. Q. (Pesky Devil's Quietest), kills like a 4-centimeter shell. It settles bedbugs, fleas, roaches, ants and chiggers like, and not only kills the live pests, but the eggs, as well.

P. D. Q. won't injure clothing, carpets, curtains, draperies or wall paper. Try it on the dog and see the fleas die.

Sold by Retail Drug Company and other leading druggists.
